ITS ORIGIN

Our Chardonnay Confidence is made from a plot selection located in Châteauneuf-sur-Isère. The plots of vines are planted on ancient low terraces of pebbles from the Isère.

WINEMAKING

Winemaking and maturation for this plot selection wine is done in large 600-litre French oak barrels called "demi-muids". A gentle contribution of wood brings balance to the wine, between fruitiness and delicately toasted hints.

ITS CHARACTER

Showing a straw-coloured, this woody and round wine unveils an aromatic and elegant nose of vanilla toasted bread. On the palate, Confidence Chardonnay shows white flowers aromas. A lovely and nice fresh finish.

FOOD PAIRING

Confidence Chardonnay plays all roles: cheese purveyor at the aperitif or mariner during a meal to accompany fish.
